BASS LAKE RESEARCH PROJECT

WE HAD A RECENT REQUEST TO LOOK MORE DEEPLY INTO THE HISTORY OF BASS LAKE. OUR PRESENTATION TODAY WILL GIVE YOU AN IDEA OF THE MANY STORIES THAT GET UNCOVERED WHEN YOU GO LOOKING INTO HISTORY....THE FEDERAL PREEMPTION ACT OF 1841 ALLOWED SQUATTERS TO SETTLE UP TO 160 ACRES OF THE UNSURVEYED LANDS IF THEY OCCUPIED AND WORKED TO IMPROVE THE PROPERTY...SECTIONS 8 AND 9 OF THE ACT GRANTED 500,000 ACRES OF LAND TO EACH INCLUDED STATE AND PROVIDED THAT THE PROCEEDS FROM THE SALES OF SUCH LANDS “SHALL BE FAITHFULLY APPLIED TO...ROADS, RAILWAYS, BRIDGES, CANALS AND IMPROVEMENT OF WATER-COURSES, AND DRAINING OF SWAMPS.”
FIRST RECORDED SURVEY OF ST. LOUIS PARK, BY DUBUQUE OFFICE OF U.S. SURVEYOR GENERAL – FILED ON FEBRUARY 27, 1857. BASS LAKE APPEARS TO BE SWAMPLAND FEEDING A CREEK THAT DRAINS INTO LAKE CALHOUN. LAND WAS PURCHASED FROM THE DAKOTA PEOPLE IN 1851. EXCELSIOR BLVD IS NOT SHOWN, BUT PROBABLY EXISTED AS A NATIVE PATH; THE VILLAGE OF EXCELSIOR WAS INCORPORATED IN 1853, AND THERE HAD TO BE A ROAD CONNECTING IT TO MINNEAPOLIS. THESE HI-DEF ORIGINAL MAPS HAVE BEEN SCANNED BY THE STATE AND ARE AVAILABLE ONLINE.
AN 1874 PLAT MAP (LEFT) SHOWS THE MINNEAPOLIS & ST. LOUIS RAILROAD BISECTING WHAT STILL APPEARS TO BE A SWAMP; AN 1886 PLAT MAP (RIGHT), THE YEAR THE PARK BECAME A VILLAGE, SHOWS THE ADDED HASTINGS & DAKOTA (MILWAUKEE ROAD) RAIL LINE ADJACENT TO THE M&SL, AND SHOWS BASS LAKE AS A LAKE FOR THE FIRST TIME.

“HISTORY OF HENNEPIN COUNTY” BY REV. EDWARD D. NEILL, 1881, SAYS THE LAKE IS ABOUT 80 ACRES. “THE GEOLOGY OF MINNESOTA, 1882-1885; VOL II OF THE FINAL REPORT,” BY N. H. WINCHELL, AND WARREN UPHAM SAYS THAT THE LAKE ELEVATION IS ABOUT 880.0 BASED ON RAILROAD DATA. LAKE CALHOUN ELEVATION IS ABOUT 837.0.
In 1907, Charles H. Hanke and others petitioned Hennepin County to drain Bass Lake; in 1908, the county constructed County Ditch #14 which lowered the natural outlet into the creek crossing Excelsior Blvd and the lake elevation by about eight feet, presumably to create about 50 acres more Hanke farmland, (Atlas map from 1913, UM Borchert Map Library).
In 1907, the Minikahda Golf Club added nine holes, including land east of France Avenue purchased from Christopher Hanke, which included the creek outlet from Bass Lake to Lake Calhoun. In 1916, Chick Evans won the U.S. Open there.
IN 1910, MINNEAPOLIS APPROVED THE LOWERING OF THE MILWAUKEE ROAD 29TH STREET TRACKS BY 20 FEET, ELIMINATING DOZENS OF AT-GRADE STREET CROSSINGS. MINNEAPOLIS TRIBUNE 1912 PHOTO SHOWS EXCAVATION IN PROGRESS AT NICOLLET AVENUE. A FULLY DEVELOPED SWITCHYARD COVERING THE NORTHERN ONE-THIRD OF BASS LAKE/SWAMP (1945 AERIAL PHOTO) WAS CREATED FROM THE 1.5 MILLION CUBIC YARDS OF FILL EXCAVATED FROM WHAT IS NOW THE MIDTOWN GREENWAY.
THIS 1945 AERIAL SHOWS DITCH #14 EXITING BASS LAKE/SWAMP, PASSING UNDER EXCELSIOR BLVD, AND REEMERGING IN THE MINIKAHDA CLUB GOLF COURSE. HANKE FARMSTEAD AT LOWER LEFT.
CHARLES HANKE AND HIS FARMHOUSE AND BARN IN THE EARLY 1900s - ON EXCELSIOR BLVD NEAR WHERE MIDAS IS TODAY;
In 1926, the residential subdivision Minikahda Oaks was platted on the east shore of Bass Lake/Swamp, bordering County Ditch #14 on the south.
ACME STONE AND LUMBER MOVED SOME OF ITS OPERATIONS FROM 29TH & LYNDALE WEST ALONG THE MILWAUKEE ROAD TRACKS TO 3200 FRANCE AVENUE SOUTH; EARLIEST EVIDENCE IS THIS 1937 AERIAL PHOTO. MINIKAHDA OAKS IS HALF FULL OF HOUSES. THE “STONE” OPERATION APPEARS TO HAVE BEEN THE MANUFACTURE OF CONCRETE BLOCKS.
By 1956 (Left), the stone operation was expanded to include a lumber yard. By 1971, (Right), the stone operation was gone and the lumber yard expanded.
IN 1945, ACME WAS OPERATING AT BOTH MINNEAPOLIS AND ST. LOUIS PARK SITES, AND COULDN'T KEEP PACE WITH THE POST-WAR BUILDING BOOM. (CLIPPINGS FROM THE MINNEAPOLIS TRIBUNE, 1945.)
FROM THE TIME IT WAS DRAINED IN 1908, THE LAKE/SWAMP WAS USED AS A DUMPING GROUND, BOTH LEGAL AND ILLEGAL. A LOT OF CONCRETE AND OTHER BUILDING DEBRIS (“CLEAN FILL”) POPS UP OUT OF THE MUCK EACH YEAR. THE CHUNK OF CONCRETE (CENTER) WEIGHS AROUND THREE TONS. A TREE HAS GROWN TO EMBRACE A SECTION OF DISCARDED SIDEWALK.

THE FRIENDS OF BASS LAKE NON-PROFIT WAS FOUNDED IN 2008, AS A LAKE ASSOCIATION SUPPORTED BY THE MINNEHAHA CREEK WATERSHED DISTRICT, TO PROMOTE PRESERVATION OF THE RESOURCE. IT HAS DONE HEROIC VOLUNTEER WORK TO CLEAN UP THE WORST OF THE DUMP DEBRIS AND REMOVE BUCKTHORN AND OTHER INVASIVES. THE MAP ABOVE FROM THEIR WEBSITE IMAGINES THE HISTORIC EXTENT OF OPEN WATER, WHICH MIGHT HAVE REACHED NORTH TO THE BACK DOOR OF CITY HALL.
VIEW OF BASS LAKE FROM BELTLINE DRIVE, LOOKING EAST, 2019.
