Website-The website crashed twice this summer. Our thanks to Doug Johnson for working with GoDaddy to get it back up and running. Ted formed a new committee of himself and Doug and Kathy to work toward updating the website. Lynne suggested someone that has worked with the Lenox Foundation to contact.

Kathy reported that the Depot Condition Assessment Grant is complete. Kathy spoke with Rick Beane, and he believes Parks and Recreation can do many of the restoration items suggested (except the underlining structure issue) in this calendar year.

John updated us on the Track Display. He also reported on the donation of the 1912 Bridge Marker. The marker was imbedded in the ground on the southeast corner of the depot. We discussed wording for signage to explain this item.

Highlight of Collection of 2020-2021 items- Kathy shared items from the Roller Garden, the Waddell/Baston/Rixon families, an SLP Letter Jacket from 1993 which highlights the donor’s participation in theater and music, and some items we have collected about Covid and Civil Unrest.

Kathy reported on the City Assessors records that have been promised to SLPHS. Kathy and Bill went to City Hall and visited with Cory Bultema, the City Assessor in July. These seventy some boxes of records hold information about residential buildings that we think would be useful. While we do not currently
have room for them, we told Cory we do want them. Cory is concerned with any possible liability and
wanted to talk to the City Attorney.

the photograph of the 1930 SLP High School Class. Both were very well received, and statistics show
their engagement.
